BEGINNING TO END COMPLETE SOLUTIONS FOR PACKAGING FILM

Since 1.987, POLIMUR has evolved to offer our customer the best solutions to their needs.

In our factory, based in Murcia, we carry out our production process from beginning to end, going through every step of it:

- Film Extrusion
- High definition Printing
- Laminating for Packaging
- Slitting and Rewinding

In each one of this processes, we do always use the best raw materials; our commitment with quality and environment get strength with the certification ISO 9001 and ISO 14001 environmental management system.
